

Federal Maritime Commission

§ 520.12

(c) *Periodic review.* The Commission will periodically review published tariff systems and will prohibit the use of any system that fails to meet the requirements of this part.

(d) *Access to systems.* Carriers and conferences shall provide the Commission reasonable access to their automated systems and records in order to conduct reviews.

§ 520.11 Non-vessel-operating common carriers.

(a) *Financial responsibility.* An ocean transportation intermediary that operates as a non-vessel-operating common carrier shall state in its tariff publication:

(1) That it has furnished the Commission proof of its financial responsibility in the manner and amount required by part 515 of this chapter;

(2) The manner of its financial responsibility;

(3) Whether it is relying on coverage provided by a group or association to which it is a member;

(4) The name and address of the surety company, insurance company or guarantor issuing the bond, insurance policy, or guaranty;

(5) The number of the bond, insurance policy or guaranty; and

(6) Where applicable, the name and address of the group or association providing coverage.

(b) *Agent for service.* Every NVOCC not in the United States shall state the name and address of the person in the United States designated under part 515 of this chapter as its legal agent for service of process, including subpoenas. The NVOCC shall further state that in any instance in which the designated legal agent cannot be served because of death, disability or unavailability, the Commission's Secretary will be deemed to be its legal agent for service of process.

(c) *Co-Loading.* (1) NVOCCs shall address the following situations in their tariffs:

(ii) If two or more NVOCCs enter into an agreement which establishes a carrier-to-carrier relationship for the co-loading of cargo, then the existence of

such agreement shall be noted in the tariff.

(iii) If two NVOCCs enter into a co-loading arrangement which results in a shipper-to-carrier relationship, the tendering NVOCC shall describe its co-loading practices and specify its responsibility to pay any charges for the transportation of the cargo. A shipper-to-carrier relationship shall be presumed to exist where the receiving NVOCC issues a bill of lading to the tendering NVOCC for carriage of the co-loaded cargo.

(2) *Documentation requirements.* An NVOCC which tenders cargo to another NVOCC for co-loading, whether under a shipper-to-carrier or carrier-to-carrier relationship, shall annotate each applicable bill of lading with the identity of any other NVOCC to which the shipment has been tendered for co-loading. Such annotation shall be shown on the face of the bill of lading in a clear and legible manner.

(3) *Co-loading rates.* No NVOCC may offer special co-loading rates for the exclusive use of other NVOCCs.
